

ACTIVE PARENTING PROGRAM FOR COOPER MIDDLE SCHOOL PARENTS

Starting in March, Cooper will be hosting another session of The Active Parenting Program for Tweens/Teens. Parent response from our fall session was very favorable. The program is open to all parents of students at Cooper Middle School.

This parent education curriculum is a 7 week, video-based, interactive learning experience that takes parents through various topics related to parenting of teens; styles of parenting, winning cooperation, responsibility and discipline, building courage and redirecting misbehavior, gang awareness, and readiness for high school.

The curriculum program for parents will be held every Monday beginning on March 1 through April 19 from 7:00-9:00 p.m. Childcare will be available. Parent workbooks will be provided. Join us with other parents for support, over a cup of coffee and fun, as we navigate through the teen years together. Please RSVP Karen Fisher, LCSW (520-2833) or Stacey Konieczka, LCSW (520-2750) so we can plan accordingly.
